(On or after October 1, 2015)

Tooele County School District

October 1, 2015

Parent/Guardian:

The Tooele County School District is dedicated to provide a quality education and to help each student to reach his or her maximum potential. As you may know, the district's only resource for revenue to provide this education is through taxation. The federal government does not pay property taxes, but instead by Section 8003 of Title VIII, provides money to the Tooele School District for each student who has a parent (or legal guardian with whom the student resides) that lives or works at a federal installation, federal building, or Indian reservation.

In order to qualify for this money, the school district must take a survey on a given date and use this survey to count the students of parents who are connected with federal properties or Indian reservations.

The following are examples of properties and buildings that qualify:

1. Military Service (anyplace)	11. FAA Space, SL Airport
2. Indian Reservation	12. Air National Guard Facility, SL Airport
3. Dugway Proving Ground	13. Fort Douglas
4. Tooele Army Depot	14. VA Hospital
5. Deseret Chemical, South Area	15. Alliant Tech (Plant 81)
6. Bureau of Land Management (BLM)	16. Federal Office Bldg. SLC
7. Hill AFB Training Range (Lakeview)	17. Post Office Bldg. SLC
8. Forest Reserves	18. Hill AFB, Ogden
9. Admin. Bldg., 1745 W. 1700 So.	19. Any other property or building that is more than 50% occupied by the federal government.
10. IRS, Ogden, Utah	

We need all students parent/guardian to fill out the enclosed Federal Impact Aid Survey Form and return by October 23, 2015. Your information is confidential and will not be released. Only survey total numbers are submitted to the federal government.

We would like to thank you in advance for taking the time to complete this form. Please return form to your **student's school**.

Thank You,
Lark Reynolds
Business Administrator
Tooele County School District
